

Sign cover

Unique and RSA21-compliant sign cover for simple and fast assembly.

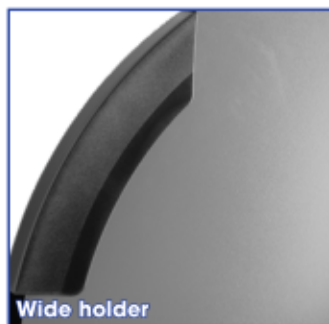

We save lives!

Available for you:

- Patented new development
- RSA21-compliant, as crossing out regulatory signs and warning signs is not permitted
- Contactless, thus going easy on the retro-reflective film of the traffic sign
- Compact solution for minimum assembly effort thanks to simple placement of the sign cover
- Suitable for traffic signs in flat and Alform designs
- UV-resistant and weatherproof as well as washable
- The mandatory complete cover prevents distraction due to an only partially covered traffic sign (e.g. crossing out device, masking tape)
- High-grade, extremely robust recycled plastic
- For traffic signs with a diameter of up to 600 mm (round, size 2)
- Outer diameter+ weight: ø 600 mm; 1.75 kg
