

EXTENDABLE CONES BARS

CONEX

MEASURES:

Diameter: ø40mm.
Closed length: 1300 mm.
Open length: 2000 mm.

Extendable hook for Conex model cones that is easy to transport and store due to its reduced weight and dimensions.

Extendable tube from 1.3 meters (folded) to 2 meters (extended) in length, which allows the traffic cones to be linked to delimit spaces and prevent passage between the cones.

Ideal for temporary fencing.

STANDARD COLORS:	
Yellow-black	Ref. PEXAN
Red-White	Ref. PEXRB
