

# 3M

## GENERAL DESCRIPTION AND MATERIALS

- **Extra wide headband** with soft padding
- Sprung bands of stainless steel
- Shell in ABS

## SPECIFIC ADVANTAGES

- **Special properties of reduction on the whole frequencies range**
- **SNR: 35 dB**
- **H: 40 M: 32 L: 23**
- Optimum adaptation
- Weak pressure
- Double shell which minimize inside resonances

## MAIN APPLICATION FIELDS

- Extremely noisy environments

## PACKING

- **Individual box**
- **20 protectors** per carton

## STANDARDIZATION

This protector is in conformity with the model of safety equipment which corresponds to

**The EC-Type examination certificate N° 21329S01**

Issued by **Finnish Institute of Occupation Health (Notified body N° 0403)**

**EN 352-1**
